★★★★★ **Retro smiley face is a crowd pleaser**

Reviewed in the United States on April 13, 2023

I have given my niece sets of bracelets at different colors and the smiley face was so popular and on everything where I was in elementary and middle school. She now has a set of necklaces to accompany them. I'm unsure how they will hold up but only time will tell. They are cute, colorful and for the price a fun gift for your tween or teenager.

★★★★★ **A treat for the kids**

Reviewed in the United States on April 5, 2023

Color: Beaded [View Customer Review of Free Product](#) (what's this?)

Super cute, materials seem good quality / not cheap. Choker sized for adults, even on the smallest clasp setting, but fit more as a normal necklace for kids.

You could probably make the same thing yourself for a little less cost with craft store materials, but this is an excellent buy if you don't have the time [or want to spend it] to string all those tiny little beads.

Kids will love them and they would make great party favors for a birthday party.

Perfect little party favors or end of school year gifts between friends. Light weight and probably won't withstand the test of time (ishing line) but definitely cute and worth it! My 7 year old loves them!

★★★★★ **Super cute...easy to break**

Reviewed in the United States on April 16, 2023

Color: Beaded [View Customer Review of Free Product](#) (what's this?)

My girls loved getting these necklaces in their Easter basket! My 3 year old has already broken 2 of them. She didn't even pull them very hard and they both broke. All of those tiny pieces were all over my house. My 5 year old saw how easily it broke and has been very careful. I even borrowed one to wear with my smiley face school counselor shirt!

★★★★★ **Cute and bright, but chain links are large.**

Reviewed in the United States on April 11, 2023

Color: Paperclip Chain [View Customer Review of Free Product](#) (what's this?)

These little smiley faces are a fun, cute addition for young girls. Arrive individually packaged in a small box. The chain links are large. It seems like a more dainty chain could have worked better, especially given this is likely to be worn by young girls, but on the other hand, somehow the bright smiley faces almost seem to be asking for a more bold chain! Guess I'm undocked on the chair! In any case, fun costume jewelry for young girls to dress up outfits with, or for young friends to all have a matching necklace that makes you SMILE.

These are very small and dainty, they seem easily breakable so you gotta be careful, and they are cranky, like they don't lay straight on your neck, if that makes sense. Other than that they're fun and unique little necklaces to have.

Color: Paperclip Chain [View Customer Review of Free Product](#) (what's this?)

These necklaces are super cute! The chain is a unique link, they called it a paper clip link, which catches your eye as it is. The smiley face pendants are really sweet and evoke classic "good vibes". They are sure to make anyone getting them smile themselves! The chain feels like it's made of some super lightweight metal product; I'm not sure how durable it will be to kids playing rough, but it will definitely hold up to school days and beach days.

The beaded ones are even cuter, and I feel like they will be more durable in the long run. Kids will love them! Adults will too...I did! They make great party favors!

Thank you guys they are just perfect!

Color: Paperclip Chain [View Customer Review of Free Product](#) (what's this?)

There are so dang cute! I wear them daily and my only complaint is I wish they were longer. The packaging could use an update as well as they come in little bagsgie in a plain white little box. They are too pretty to be in a plain generic box. The colors are stunning! My 8 year old and I both wear them. The clasps are strong and easy to open and close. These would be a great gift!
